Título: Schaum's Outline Of Digital Signal Processing

Autor: Hayes, Monson

Precio: \$223.00

Editorial:

Año: 1999

Tema:

Edición: 1^a

Sinopsis

ISBN: 9780070273894

Containing information relating to the aspects of microelectronics and computer technology, this guide is for independent study by electrical engineering majors and practicing engineers. It shows how digital signal processing techniques come into play in a range of fields. It includes illustrative problems with solutions. Master fluid mechanics and hydraulics with Schaum's the high-performance study guide.
