Edición: 1ª

Sinopsis

ISBN: 0313230285

"A fine introduction to the origins of the Mexican feminist movement. The book's aim is both to recapture forgotten women and to illustrate the significance of the feminist movement from approximately 1890 to 1940.... The book itself and its final bibliographical essay on Mexican women add much to the study of both Mexican and women's history. Both academic and public libraries."
