Título: Human Molecular Genetics

Autor: Sudbery, Peter Precio: \$1200.00

Editorial: Año: 2002

Tema: Edición: 2ª

Sinopsis ISBN: 0130428116

This second edition of Human Molecular Genetics continues to provide a clear introduction to this complex and fast moving field. Now updated and revised throughout, the material covered has been carefully selected and structured to provide a concise overview for students studying the subject as part of a general biology, genetics or medical degree. A milestone in science has been reached through the publication of draft sequences of the human genome and this is reflected in changes to the book.
