**Título:** Mathematical Tools For Economics

**Autor:** Turkington, Darrell

**Precio:** \$510.00

**Editorial:**

**Año:** 2006

**Tema:**

**Edición:** 1<sup>a</sup>

**Sinopsis**

**ISBN:** 1405133813

With many expensive and complicated mathematics texts for students of economics on the market, Turkington's text provides an affordable and accessible alternative for those requiring an intermediate, semester-length text. Designed to demonstrate the essential mathematical concepts-comprehensively and economically-without re-teaching basic material or laboring over superfluous ideas, this text locates the necessary information in a practical economic context.
