This particular title is aimed to help undergraduate students with their application and interview process for the pre-registration year. This commences at the end of the third year with interviews at start of fourth year (September). Pre-registration is the first time that pharmacy students are formally interviewed for their first job after graduation. The pre-registration year is an extremely important year, as without completing the year students are unable to register as a pharmacist. This book takes students through the whole application and interview procedure offering guidance on how to choose where to apply, the application procedure, filling out forms and preparation for the interview. Uniquely the book includes a large bank of real interview questions that the author has collated from feedback from many students who have completed their pre-registration interview. These make up a large part of the book and include questions that have been asked of students from the hospital, community and industry setting.
