Título: Missing Data In Longitudinal Studies: Strategies For Bayesian Modeling And Sensi

Autor: Daniels, M. J. Malchow, Horst

Precio: \$961.20

Editorial:

Año: 2008

Tema:

Edición: 1^a

Sinopsis

ISBN: 1584886099

Drawing from the authors own work and from the most recent developments in the field, Missing Data in Longitudinal Studies: Strategies for Bayesian Modeling and Sensitivity Analysis describes a comprehensive Bayesian approach for drawing inference from incomplete data in longitudinal studies. To illustrate these methods, the authors employ several data sets throughout that cover a range of study designs, variable types, and missing data issues.
