Sinopsis

ISBN: 9780071263207

New learning objectives: Each chapter now begins with clearly identified learning objectives, designed to enhance the learning experience and help implement AACSB's mandate to demonstrate student learning.

New learning objectives: Each chapter now begins with clearly identified learning objectives, designed to enhance the learning experience and help implement AACSB's mandate to demonstrate student learning.

New end-of-chapter material: Over 20% more end-of-chapter material was added to the Sixth Edition. New material is included at the end of each chapter set so that existing problem numbers match those in the Fifth Edition, making for an easy transition.

New end-of-chapter material: Over 30 new problems and applications were added to the Sixth Edition; new material is included at the end of each chapter set so that existing problem numbers match those in the Sixth Edition, making for an easy transition.
