Few American playwrights have exerted as much influence on the contemporary stage as Sam Shepard. His plays are performed on and off Broadway and in all the major regional American theatres. They are also widely performed and studied in Europe, particularly in Britain, Germany and France, finding both a popular and scholarly audience. In this collection of seventeen original essays, American and European authors from different professional and academic backgrounds explore the various aspects of Shepard's career - his plays, poetry, music, fiction, acting, directing and film work. The volume covers the major plays, including *Curse of the Starving Class*, *Buried Child*, and *True West*, as well as other lesser known but vitally important works. A thorough chronology of Shepard's life and career, together with biographical chapters, a note from the legendary Joseph Chaikin, and an interview with the playwright, give a fascinating first-hand account of an exuberant and experimental personality
