Sinopsis

ISBN: 9780415362948

Medieval drama, always a popular area of study, has enjoyed a surge of interest in recent years. This new Routledge Major Work now makes available for the first time both the canonical and the best cutting-edge scholarship in the field. Organized generically, geographically and chronologically, the collection brings together wide-ranging historical work along with significant critical formulations that explore newer approaches and issues.

With a new introduction by the editor, a leading scholar in the field, to guide users through the volumes, Medieval Drama provides student and researcher alike with all the key writings on medieval drama in one convenient, unique reference resource
