Sinopsis

ISBN: 9781563270369

Process industries have a particularly urgent need for collaborative equipment management systems like TPM that can absolutely guarantee safe, stable operation. In TPM in Process Industries, top consultants from JIPM (Japan Institute of Plant Maintenance) document approaches to implementing TPM in process industries. They focus on the process environment and equipment issues such as process loss structure and calculation, autonomous maintenance, equipment and process improvement, and quality maintenance. Must reading for any manager in the process industry.
