Sinopsis

It's fall, the days are getting cooler, the leaves begin to change, and apples and pumpkins are ready for the harvest. Visits to the orchard and to the pumpkin patch create an opportunity to learn all about these fall foods: how they grow, how to harvest them, and how to make delicious dishes with them.

A visit to the pumpkin patch reveals everything about pumpkins: how they grow, how they are harvested, and which ones make the best jack-o'-lanterns and pumpkin pies.
