Sinopsis

ISBN: 9780439833844

Designed to both captivate and inform young readers, this fascinating series is a combination of biography, history, and science - featuring an innovative question-and-answer format, mix of photographs and illustrations, and interactive experiments.

He was a mediocre high school student but become the world's most famous physicist. The life and work of Albert Einstein is clearly told for younger readers. A combination of entertaining text, related illustrations, and illuminating experiments even explain the "Theory of Relativity".
