Sinopsis

ISBN: 9780631229155

The 57 articles collected in this volume---together with the editors' introduction---provide an overview of the key debates in anthropological theory over the past century.

Provides the most comprehensive selection of readings and insightful overview of anthropological theory available

Identifies crucial conceptual signposts and new theoretical directions for the discipline

Discusses broader debates in the social sciences: debates about society and culture; structure and agency; identities and technologies; subjectivities and translocality; and meta-theory, ontology and epistemology
