**Título:** Introduction To Partial Differential Equations And Hilbert Space Methods

**Autor:** Gustafson, Karl E.

**Precio:** $320.00

**Editorial:**

**Año:** 1999

**Tema:**

**Edición:** 1ª

**Sinopsis**

**ISBN:** 9780486612713

Excellent undergraduate/graduate-level introduction presents full introduction to the subject and to the Fourier series as related to applied mathematics, considers principal method of solving partial differential equations, examines 1st-order systems, computation methods, and much more. Over 600 problems and exercises, with answers for many
