Take a rollercoaster ride through the vastness of space and, in the midst of an exciting adventure, discover the mysteries of physics, science and the universe with George, his new friends next door - the scientist Eric and his daughter, Annie - and a super-intelligent computer called Cosmos, which can take them to the edge of a black hole and back again. Or can it? And who else would like to get their hands on Cosmos? This title is a funny and hugely informative romp through space, time and the universe.
