**Título:** Modern Military Strategy An Introduction

**Autor:** Sloan Elinor

**Precio:** \$479.40

**Editorial:**

**Año:** 2012

**Tema:**

**Edición:** 1ª

**Sinopsis**

**ISBN:** 9780415777711

Modern Military Strategy will fill this gap in the literature, with chapters on the conduct of war in each of the naval, land, air, space and cyber dimensions, and on nuclear strategy, and irregular war and counterinsurgency. The text concludes by identifying crosscutting trends, statements, and principles which may form the basis of a modern, general theory of war.

This book will be essential reading for students of strategic studies, war studies and military history, and highly recommended for students of security studies and international relations in general.
