Sinopsis

ISBN: 9786073214049

This page activates learners' prior language and raise their interest in the topic. Reading, Listening, Speaking and Writing: The four basic skills are developed throughout every spread. Engaging speaking and writing activities to foster learners' production.

Language focus: Inductive grammar approach through language models taken from the listening and reading activities.

Workbook: Immediate practice through further activities in workbook pages. Each workbook section is interleaved between the modules. Self-check: Self-check activities to allow learners to measure their own progress.
