**Sinopsis**

**ISBN:** 9781599044804

Distance learning technologies have reshaped the diffusion of communication within the educational system. Within this expanding field, the possibilities for an interactive, cross-boundary education are endless.

Strategic Applications of Distance Learning Technologies provides tactical uses of distance education technologies to assist instructors and researchers in their quest to provide a progressive, alternative approach to traditional education techniques. This collection of advanced research incorporates global challenges and opportunities of technology integration while outlining strategies for distance learning within developing countries.
