Introduce your students to the dynamic, exciting nature of cost management as this edition demonstrates how today's conditions consistently require change in cost management systems. Hansen/Mowen/Guan's COST MANAGEMENT: ACCOUNTING AND CONTROL, Sixth Edition, first covers functional-based cost and control and then activity-based cost systems, giving students the understanding and skills to manage any cost management system. This edition's expansive coverage and consistent attention to technical detail provides a thorough, well-researched foundation for learning. It addresses the most recent influential topics and emerging processes affecting the discipline, including a new chapter on lean accounting and a focus on technology tools that positively impact internal costing practices.
