Título: Shadows Of Power -An Allegory Of Prudence In Land-Use Planning

Autor: Hiller, Jean Precio: \$611.00

Editorial: Año:

Tema: Edición: 2002

Sinopsis ISBN: 0415256313

Examines public policy, and in particular, the communicative processes of policy and decision-making. It explores the important who and why issues of policy decisions. Who really takes the decisions? How are they arrived at and why were such processes used? what relations of power may be revealed between the various participants?
