**Título:** Clemente's Anatomy Dissector

**Autor:** Clemente, Carmine

**Precio:** \$564.00

**Editorial:**

**Año:** 2006

**Tema:**

**Edición:** 2ª

**Sinopsis**

**ISBN:** 0781763398

The book provides more in-depth and detailed explanations for each dissection than any other lab manual, so that students can self-teach. It correlates surface anatomy to anatomical structures revealed in the dissections, which is important for clinical correlation. Every page is cross-referenced to the newest editions of Clemente's, Grant's, Netter's and Rohen's anatomy atlases.
