**Sinopsis**

**ISBN:** 9780340731628

'Successful manufacturing depends on detailed knowledge of the processing of the materials involved. This highly illustrated book provides that knowledge.'

Engineering Designer, April 2001

'the book includes several useful, well done case studies, good example problems and good assessment problems, for which a solution manual is available'. International Journal of Production Research, Vol. 39, 2001
