Edición: 2ª

Sinopsis

ISBN: 9780122499517

This is the standard and definitive reference for virus taxonomy, generated by the ICTV approximately every 3 years. The VIII ICTV Virus Taxonomy Report provides information on 3 orders of viruses, 73 families, 9 subfamilies, 287 genera and 1938 virus species, illustrated by more than 429 pictures and diagrams, most of them in color.

- * The standard official ITCV reference for virus taxonomy and nomenclature, compiling data from 500 international experts
- * Covers over 6000 recognized viruses, organized by family with diagrams of genome organization and virus replication cycle
- * Provides data on the phylogenic relationships between viruses belonging to the same or different taxa
- * Now includes information about the qualitative and quantitative relationships between virus sequences
