Table of Contents

General Equipment List

Laboratory 1

Introduction-Resistor Codes, Breadboard, and Basic Measurements

Laboratory 2

Instrument Familiarization and Basic Electrical Relations

Laboratory 3

The Oscilloscope

Laboratory 4

Bandwidth, Filters and Diodes

Laboratory 5

Transistor and Photoelectric Circuits

Laboratory 6

Operational Amplifier Circuits

Laboratory 7

Digital Circuits-Logic and Latching

Laboratory 8

Digital Circuits-Counter and LED Display

Laboratory 9

Programming a PIC Microcontroller--Part I

Laboratory 10

Programming a PIC Microcontroller--Part II

Laboratory 11

Pulse Width Modulation Motor Speed Control with a PIC (...)
