**Título:** Missing Data In Longitudinal Studies: Strategies For Bayesian Modeling And Sensi

**Autor:** Daniels, M. J. Malchow, Horst

**Precio:** \$961.20

**Editorial:**

**Año:** 2008

**Tema:**

**Edición:** 1ª

**Sinopsis**

**ISBN:** 1584886099

Drawing from the authors own work and from the most recent developments in the field, Missing Data in Longitudinal Studies: Strategies for Bayesian Modeling and Sensitivity Analysis describes a comprehensive Bayesian approach for drawing inference from incomplete data in longitudinal studies. To illustrate these methods, the authors employ several data sets throughout that cover a range of study designs, variable types, and missing data issues.
