Sinopsis

This is the beginning of an effort to organize my published and unpublished papers. It seemed most useful to arrange these papers by subject, rather than date. This first volume consist of papers, spanning more than forty years, which have a strongly geometric flavor. It includes four papers which have not prviously been published.

Precio: \$695.00

Año: 1994

Edición: 1^a

ISBN: 9780914098300
