Edición: 4ª

Sinopsis

ISBN: 9780136155638

This comprehensive introduction to international political economy clearly shows lower-division readers how politics and economics come together in today's global environment. The book shows how an understanding of IPE can help readers make sense of global news, business investments, and government policies, by presenting the theories, institutions, and relationships found in IPE in simple ways that retain the complexity of the world issues and intellectual problems addressed.
