Sinopsis

ISBN: 9780415351546

Religion and Everyday Life explores the historical and contemporary relevance of religion to social life through an examination of practice and belief. In this introductory textbook, Stephen Hunt reconsiders how theories and concepts are lived at the level of selfhood and cultural identity, through religious and spiritual belief.

Individual chapters cover a range of issues, such as: religion, identity, and community; secularization and pluralism; traditional Christianity: change and continuity; globalization and the global context; and religion and ethnicity.
