Título: Ordinary And Partial Differential Equations

Autor: Agarwal Ravi/ Oregan Donald

Precio: \$860.00

Editorial:

Año: 2009

Tema:

Edición: 1^a

Sinopsis

ISBN: 9780387791456

This book is ideal for an undergraduate or first year graduate-level course, depending on the university. Prerequisites include a course in calculus.

About the Authors:

Ravi P. Agarwal received his Ph.D. in mathematics from the Indian Institute of Technology, Madras, India. He is a professor of mathematics at the Florida Institute of Technology. His research interests include numerical analysis, inequalities, fixed point theorems, and differential and difference equations. He is the author/co-author of over 800 journal articles and more than 20 books, and actively contributes to over 40 journals and book series in various capacities.

Donal O'Regan received his Ph.D. in mathematics from Oregon State University, Oregon, U.S.A. He is a professor of mathematics at the National University of Ireland, Galway. He is the author/co-author of 15 books and has published over 650 papers on fixed point theory, operator, integral, differential and difference equations. He serves on the editorial board of many mathematical journals.
