Sinopsis

ISBN: 9780486443645

Forty plates of meticulously rendered designs replicate authentic ironwork projects that span some 600 years of metalcrafting. Patterns selected from English churches, chapels, tombs, castles, and other architectural sites depict 12th-century hinges, 15th-century grilles and railings, and 17th-century knockers, handles, latches, and other ornamental elements.
