This version of Merriam-Webster's Collegiate Dictionary, Eleventh Edition (print only), has a laminated hardcover. For this new edition, America's largest staff of lexicographers made more than 100,000 changes and added more than 10,000 new words and senses, such as 'convergence', 'Frankenfood', 'phat', 'psyops', and 'vermiculture'. The Eleventh Edition also features over 40,000 usage examples _ more than ever before _ which clarify confused or disputed terms. Additionally, thousands of phrases and idioms help distinguish vocabulary for language learners. Special sections include A Handbook of Style, An Essay on the English Language, and Signs and Symbols. Over 55 million copies of Merriam-Webster's Collegiate Dictionary have been sold, spanning a time period of over 100 years.
