Sinopsis

ISBN: 9780415354455

Religion and spirituality are still among the most common motivations for travel - many major tourism destinations have developed largely as a result of their connections to sacred people, places and events. Providing a comprehensive assessment of the primary issues and concepts related to this intersection of tourism and religion, this revealing book gives a balanced discussion of both the theoretical and applied subjects that destination planners, religious organizations, scholars, and tourism service providers must deal with on a daily basis.
