**Editorial:**

**Año:** 1997

**Tema:**

**Edición:** 1ª

**Sinopsis**

**ISBN:** 9780691012285

Alan Hyde has produced a stunning critical anatomy of how the human body figures (and is figured) in American legal discourse. Anyone who wants to understand the myriad mechanisms by which law constructs and regulates corporeality would do well to start with this book. Bodies of Law will stand as a decisive intervention in the study of law and contemporary "body politics." \_Kendall Thomas, Columbia Law School
