New Companion Guide format complements the online curriculum with insight and instruction from Academy instructors

A portable reference that supports all the topics in the new course, aligning 1:1 with course modules

Features improved readability, enhanced topic explanations, real-world examples, and all new graphical presentations

Alignment to A+ objectives

The IT Essentials: PC Hardware and Software Companion Guide supplements and complements the IT Essentials I: PC Hardware and Software v4.0 online curriculum offered by the Cisco Networking Academy Program.

The Companion Guide is designed as a supplemental textbook for the Networking Academy course, offering students a portable desk reference of the course content to use anytime anywhere as a study aid. The chapter content aligns 1:1 to the online course module topics, but does not merely mimic the content word-for-word. The authors present the course material in the Companion Guide in a comprehensive manner, providing their own examples where necessary to augment a student's understanding of the course material.

Chapter Objectives as stated as questions at beginning of each chapter
