Sinopsis

ISBN: 9780136071822

"Split-page" Design: The unique format of this text enables students to study and learn with ease. All they have to do is cover the right-hand side of the page, work through the problems on the left-hand side, and then check their workbook. This method is ideal for comprehension.

Essentials of Accounting, 10/e, is a self-teaching, self-paced introduction to financial accounting for active users of business data. Basic Concepts; Balance Sheet Changes: Income Measurement; Accounting Records and Systems; Revenues and Monetary Assets; Expense Measurement: The Income Statement; Inventories and Cost of Sales; Noncurrent Assets and Depreciation; Liabilities and Equities; Statement of Cash Flows; Analysis of Financial Statements; Nonprofit Financial Statements; International Financial Reporting Standards. For active users of business data who want to expand their knowledge or refresh their skills.
