Master the art of digital photography

"Jay Dickman and Jay Kinghorn again have brought an insightful book on digital photography based on creating your best digital photographs, regardless of the rapid changes in the digital technology... From cover to cover, this book is filled with priceless information on how to get the great photos, and how to make sure they are your best." --John Knaur, Senior Marketing Manager, Digital SLR, Olympus Imaging America

In this completely updated, full-color work, a Pulitzer Prize-winning National Geographic photographer and an Adobe Photoshop Certified Expert guide you through the entire photographic process, from composition to printing and archiving.

The expert techniques inside this masterful guide help you greatly improve both the quality of your photographs and your proficiency in the digital darkroom. Perfect Digital Photography, Second Edition covers the latest technologies, including digital SLR cameras, Adobe Photoshop CS4, and Adobe Photoshop Lightroom, and offers tips for developing an efficient workflow. Stunning color photographs throughout the book show you the results that you too can achieve.
