Sinopsis

ISBN: 9781860942075

A guide to good dissertation and thesis writing. It is written in an accessible style with cartoons and real-life anecdotes. It outlines the rules and conventions of scientific writing - particularly for dissertations and theses - and gives the reader practical advice about planning, writing, editing, presenting and submitting a successful dissertation or thesis. The book can be used either as a guide from day one of a degree course or as a quick reference when deadlines are looming.
