Sinopsis

ISBN: 9780439304702

These breezy and conversational books explore the mysteries of the human body using a mix of thoroughly researched factual information, amazing anecdotes, and surprising "try-it!" activities. Filled with cartoon illustrations, the text is loosely organized by topic, and well written. "Curious children will find plenty to interest them and answer their questions." - Booklist

The stomach grumbles, growls, and roars. The curious will finally discover what causes those noisy rumbles, what food is made of, how the body breaks it down, how sight and smell affect taste and many more incredible facts to digest.
