Sinopsis

ISBN: 9780439321716

This kid is our brother or our cousin or our best friend, or us! The out-of-control monster-child from the Caldecott Honor Book No, David! is back and bringing his boyishly disgusting habits into the classroom. Colorful and hilarious illustrations examine our strangely appealing snaggle-toothed, round-headed kid at eye level. "Children will, of course, recognize every line of the text and every one of David's moves."
