The Sports Talk subset introduces young readers to the exciting world of athletics through focusing on the often-colorful terminology specific to popular individual and team sports. As children explore the words they would hear at a game, meet, or match, they learn the basic rules and objects of each sport, the essentials of gear and equipment, and what happens in the most thrilling moments of competition. Full color photos support and enhance compelling copy as they showcase children and professional adults engaged in training, playing, and competition.
