Sinopsis

ISBN: 9780439678728

Greg Tang has built his career as an author and math missionary on the power of creative problem solving. Now, through winsome "fables" about concepts that are relevant to the very youngest math learners _ sharing, teamwork, etc. _ Greg encourages kids to see the basics of addition and subtraction in entirely new ways.

Fresh, fun, and most of all, inspiring, Math Fables is perfect for launching young readers on the road to math success!
