Sinopsis

ISBN: 9780415148191

Trade across the Pacific will be one of the dominant forces in the economy of the next century. This collection reflects the birth of Pacific Rim history, until recently largely neglected. It addresses the development of the Pacific Rim over four centuries, combining broad historical syntheses with a range of essays on specific topics, from trade with Hong Kong to British overseas banking. It will form a major contribution to this rapidly expanding new field.
