Sinopsis

ISBN: 9780415964975

Providing a survey of colonial American history both regionally broad and "Atlantic" in coverage, *Converging Worlds* presents the most recent research in an accessible manner for undergraduate students.

The ideal accompaniment to *Converging Worlds: Communities and Cultures in Colonial America*, this Sourcebook is a collection of primary documents that contextualize and bring to life the exciting narrative of early America. The expert authors of each chapter have hand-picked multiple documents corresponding with the same chapter in the textbook to help students delve deeper into the diverse geographic regions and variety of topics covered in this time period, including:

Letters

Pamphlets and newspaper articles

Excerpts from diaries

Patents and charters

Court records

And much more!

While the Sourcebook and course book make a perfectly integrated package, the Sourcebook also features general introductions and section introductions framing the documents, so students can easily use it on its own to explore the vast colonial world up close.
