Sinopsis

ISBN: 9781118008058

The members of Mexico's drug cartels are among the criminal underworld's most ambitious and ruthless entrepreneurs. Supplanting the once dominant Colombian cartels, the Mexican drug cartels are now the major distributor of heroin and cocaine to the U.S. and Canada. Not only have their drugs crossed north of the border, so have the cartels (in 2009, 230 active Mexican drug cartels have been reported in U.S. cities). In Gangland, bestselling author Jerry Langton details their frightening stranglehold on the economy and daily life of Mexico today_and what it portends for the future of Mexico and its neighbours.

Offering a firsthand look from members of law enforcement, politicians, journalists, and people involved in the drug trade in Mexico and Canada, Gangland sheds a harsh light on the multibillion dollar industry that is the drug trade, the territorial wars, and the on-the-street reality for the United States, with the importation of narco-terrorists. With the unstinting realism and keen analysis that have made him an internationally respected journalist, Langton offers the bleak prospects of what a collapsed government in Mexico might lead to_a new Mexican warlord state not unlike Somalia.
