**Título:** Graduate Texts In Mathematics Real And Functional Analysis

**Autor:** Lang, Serge

**Precio:** \$1200.00

**Editorial:**

**Año:** 1993

**Tema:**

**Edición:** 3<sup>a</sup>

**Sinopsis**

**ISBN:** 9780387940014

This book is meant as a text for a first-year graduate course in analysis. In a sense, it covers the same topics as elementary calculus but treats them in a manner suitable for people who will be using it in further mathematical investigations. The organization avoids long chains of logical interdependence, so that chapters are mostly independent. This allows a course to omit material from some chapters without compromising the exposition of material from later chapters.
