**Título:** Telecommunications Networks Modeling, Planning And Design

**Autor:** Evans, Ch.

**Precio:** \$1620.00

**Editorial:**

**Año:** 2003

**Tema:**

**Edición:** 1<sup>a</sup>

**Sinopsis**

**ISBN:** 9780863413230

This book covers some of the major issues facing telecommunications network engineers and managers today. Topics covered include network planning for transmission systems, modelling of SDH transport network structures and telecommunications network design and performance modelling, as well as network costs and ROI modelling and QoS in 3G networks. This practical book will prove a valuable resource to network engineers and managers working in today's competitive telecommunications environment.
