Sinopsis

ISBN: 9780199535552

One of Austen's five major novels in a superb new edition

The standard Chapman/Kinsley text in a newly set typeface gives a more attractive appearance

The new introduction examines the novel in its historical moment in the aftermath of the Battle of Waterloo, and how nations and individuals can escape from the past

The new notes are fuller and bring out Austen's extensive knowledge of the Navy and the novel's topicality

New chronology and bibliography provide up-to-date resources for further reading

Appendices on social rank, dancing and the navy, and the deleted chapter that was the original ending of Persuasion
