Edición: 1^a

Sinopsis

ISBN: 9782856293300

The conference Analytic aspects of problems in Riemannian geometry took place at the Centre de la Mer de L' Aber Wrac'h in Brittany France, between the 9th and the 13th May 2005. Situated in the heart of the Pays des Abers, the centre provided a superb setting for a scientific meeting on topics at the forefront of current research in this domain of mathematics.
