Título: Basic Geometry: Third Edition

Autor: George David Birkhoff And Ralph Beatley

Precio: Desconocido

Editorial:

Año: 1959

Tema:

Edición: 1ª

Sinopsis

ISBN: 9780821821015

A highly recommended high-school text by two eminent scholars.

Reviews

"Offers a sound mathematical development ... and at the same time enables the student to move rapidly into the heart of geometry."

-- The Mathematics Teacher

"Should be required reading for every teacher of geometry."

-- The Mathematical Gazette

Table of Contents

Reasoning. The nature of proof
The five fundamental principles
The seven basic theorems
Parallel lines and networks
The circle and regular polygons
Constructions with straightedge and compasses
Area and length
Continuous variation
Loci
Reasoning. Abstract logical systems
Laws of number
Index
