Título: The Wes Anderson Collection

Autor: Matt Zoller Seitz

Precio: \$640.00

Editorial:

Año: 2013

Tema:

Edición: 1ª

Sinopsis

ISBN: 9780810997417

Wes Anderson is one of the most influential voices from the past two decades of American cinema. A true auteur, Anderson is known for the visual artistry, inimitable tone, and idiosyncratic characterizations that make each of his films—*Bottle Rocket*, *Rushmore*, *The Royal Tenenbaums*, *The Life Aquatic with Steve Zissou*, *The Darjeeling Limited*, *Fantastic Mr. Fox*, and *Moonrise Kingdom*—instantly recognizable as “Andersonian.” The *Wes Anderson Collection* is the first in-depth overview of Anderson’s filmography, guiding readers through his life and career. Previously unpublished photos, artwork, and ephemera complement a book-length conversation between Anderson and award-winning critic Matt Zoller Seitz. The interview and images are woven together in a meticulously designed book that captures the spirit of his films: melancholy and playful, wise and childish—and thoroughly original.

Praise for *The Wes Anderson Collection*:

“In *The Wes Anderson Collection*, Seitz expands a series of video essays on Anderson’s influences, illuminating as much of Anderson’s process as possible in a massive, beautifully rendered volume. Although it looks (and sometimes reads) like a coffee table book, *The Wes Anderson Collection* brings together style and substance to provide a loving homage to Anderson’s films and moviemaking in general.” —*The A.V. Club*

“Your coffee table wants?no, scratch that?needs this book . . . Packed with 400 images of everything from behind-the-scenes set shots to makeup inspiration to hand-drawn storyboards, the massive tome is pure eye candy. But in addition to the visuals, Seitz also dives deep into each and every Anderson film.” —*NYLON*

“A magical tour of Wes Anderson’s filmography.” —*C magazine*

“Each page of this book?filled with conversations, photographs and artwork surrounding each film?showcases Anderson’s pop-culture inspirations from Hitchcock and *Star Wars* to Jacques

Cousteau and the French New Wave. Better than most of their kind, the talks reveal a candidness and honesty between critic and director, allowing Seitz to dig around Anderson's vault and share his discoveries. [?FILTER](#)

?The Wes Anderson Collection comes as close as a book can to reading like a Wes Anderson film. The design is meticulously crafted, with gorgeous full-page photos and touches like a still representation of Rushmore's opening montage. [?The A.V. Club](#)

?Reading the book, you feel as if you're disappearing into the miniature world of Anderson's movies, like you're playing around in the files and fastidiously kept dossiers assembled for each project. In this way, the book mimics the work. [?Complex.com](#)

?It's smart, informative, and looks beautiful. In other words, it's the perfect gift. [?Complex magazine](#)
